Information Specialist GS-10

1. (Cont.) Because of my extensive background and contacts in the newspaper, radio and television fields here I work closely with the Technical Information Officer on special projects involving the planning and production of outside publicity, written and visual. For the two Naval Supply Center auctions held so far I made up three separate packages of publicity material for the three local TV stations. Each package contained ten 35mm slides of surplus material with appropriate half-minute and minute copy for the announcer to read. I wrote the copy and took the pictures with my own 35mm camera. In addition I had a Navy cameraman take motion pictures of some of the vehicles and other large material being moved into position for the auction. I edited this film into one minute clips for TV use, along with written copy to be read by the announcer. I assisted the Disposal Officer in the makeup of half page ads on the auctions, choosing pictures and type, and helped him with the makeup of the auction catalog. When the auctioneer arrived I arranged for his guest appearances on radio and TV programs, took him to the stations and introduced him around. Other special projects have included arranging for radio and TV time for the Admiral and other Center personnel to appear during the Supply Corps 160th Anniversary and Armed Forces Day. I work with the president of the Civilian employee Association in the planning and production of employee celebration and entertainment programs, Aloha Week in the fall, Christmas, and Lei Day in the spring. For Lei Day, May 1st, this year, I got three new groups started, a twenty-voice chorus, a seven piece orchestra and a square dance group. With these, plus some mambo and hula dancers, I produced a forty-minute variety show. It was performed on Friday, April 29, on one of the piers at the Center, at lunch time, for all the employees. I've arranged for the chorus to sing on TV, Memorial Day, May 30. The Lei Day show will be repeated Thursday evening, June 2, for the benefit of the service patients at Tripler General Hospital, in the Red Cross hall. I arranged for a repeat performance of our Aloha Week Hawaiian Pageant on KGMB-TV, last fall. I had helped the producer, Anna Kukahiko, write the continuity for the show; I voiced the commentary for the TV performance.

4. (Cont.) including front and back covers, in regards to relationship of title, sub-title, by-line, copy and pictures. I marked pictures for size, wrote captions for same and sent pix to printer for reproduction and veloxes. I pasted up finished copy and pix (half tone veloxes) and returned to printer for making of offset plates. I owned and used a press camera to take pictures to go with such local service stories as I had to write myself. I handled most of the business affairs of Pacific Patrol including the hiring and supervision of the clerk-typist, assistant editor and advertising salesman.

5. (Cont.) captions to widths specified by artist. I handled promotional end of magazine generally and had the part time supervision of a clerk-typist, two staff artists and an advertising saleswoman.

6. (Cont.) and directed the cast which varied from 3 to 8 performers. after taking over the ownership of Pacific Patrol Magazine in October I also put the magazine on the air for half an hour on Saturday nights with a program of recorded music, interviews with celebrities, humorous commentary and news, directed primarily toward Service men stationed here in the islands.

8. (Cont.) informative nature adapted to local needs and voices. I wrote and voiced a "United Nations" news program, 15 min., once a week over KHON and the Aloha Network. I trained committee members in speech, to help me with the news program and give variety to it. I wrote news releases on our weekly United Nations meetings in the Community room of the Y.W.C.A. (Average, 8 hrs. per week.)

10. (Cont.) time for the Chronicle, taking on the job of circulation manager in the Waikiki and Kapahulu districts in addition to my news-reporting. I set up and supervised a carrier distribution system of 43 boys.

11. (Cont.) copy and selecting appropriate music for special programs such as visiting radio and movie stars and national holidays.

14. (Cont.) Okinawa, Saipan and Guam as my duty areas, in that order. My duties were to find and supervise enlisted men to distribute the daily editions of the Stars & Stripes, collect the money, and to write and send in such news stories from my areas as I had time for.

15. My pre-World War II experience was almost entirely industrial, outside of some radio announcer training and amateur theatricals in Minneapolis. I worked four years at Minneapolis-Honeywell Regulator Co. and two years at Vega Aircraft Corps., Burbank, Calif., mostly as an inspector and production controller. This whole background was covered, for security purposes, by the government when I went to work on Army bombers at Vega in January, 1942. As this pre-war background bears little relationship to the position for which I am now applying, I see little reason for listing it in detail at the present time.

I have been a member of Borderland Science Research Associates since 1950. This group has been concerned with Flying Saucers and related phenomena since 1947. For the past year I have been giving illustrated lectures on the subject, on radio, TV, to churches and service clubs.

As President of the local Theosophical Society I lecture regularly on a broad range of subjects in the fields of Psychology, Philosophy, Economics, Sociology and Metaphysics. Leadership in this field brings one a considerable amount of counseling and guidance work.
